

Name: _____
Collision Industries

Date: _____
Mr. Hartz

Looking at the damages done to the car in the photograph, write a descriptive paragraph of all the possible repairs that may be needed to repair the automobile to good condition. **YOU DO NOT NEED TO WRITE A COST ESTIMATE.** This is merely a description of the damage you can see. Use good adjectives and complete sentences; this only needs to be one paragraph long as long as you describe **ALL** the damage you see.
