- If the student moves out of the West-MEC boundary area, but wishes to stay enrolled in a West-MEC program, **the student will be responsible for remaining program costs.**
- If the student lives within the West-MEC boundaries, but withdraws from the West-MEC member school to attend a non-member charter or online school, not affiliated with a member school (such as Primavera), **the student will be responsible for paying the remaining portion of the program costs.**
- If the student chooses to graduate from his/her home high school early, **the student will be responsible for paying the remaining portion of the program costs.**
