

Thanksgiving Dinner

All of you have been on your own for three months, and it is time to celebrate your independence through a Thanksgiving dinner. Your families have decided to visit for the holiday; and therefore, all of you need to plan a Thanksgiving dinner together for all of your immediate family members. With your roommate(s) and in a Word document using MLA format, complete the following questions as a group:

1. Determine who will be attending, how many, and their relationship.
2. Determine **and** explain how you all will prepare the Thanksgiving dinner (i.e. from scratch: following a recipe, whose making what **OR** purchasing a prepared Thanksgiving dinner, etc.) (i.e. bought from a restaurant or store).
3. Attach all recipes used in preparing the meal **OR** attach the cost sheet for your prepared meal (i.e. bought from a restaurant or store). **NOTE:** Be sure the meal you are serving is sufficient for the total amount of people attending.
4. List **in detail** all items (food, desserts, paper products, utensils, beverages/ice, decorations, etc.) that will be used during the meal. (i.e. size of turkey, how many cans of yams, number of pies, etc.)
5. Determine **and** explain how the cost of the meal will be divided among roommates.
6. Add the cost of the dinner to each of your current weekly registers.

DUE WEDNESDAY, NOVEMBER 26
